

QUESTIONNAIRE

20 DECEMBER 2021

RESEARCH METHODOLOGY

Opinium conducted a multi-phased research programme to provide a breadth and depth of insight into young peoples' digital experiences, using both qualitative and quantitative research.

To create the Nominet Digital Youth Index, and robustly measure what it feels like to be a young person growing up in a digital world, 2,000 8 – 25 year olds completed a quantitative survey.
